12/13/83

Doi:

In accordance w/ Margaret's letter of 12/6/83 (attached),  
the EPO cited 56,073 & 56,268 that weren't included in her October draft of the prior art  
Statement - should they be added? Her letter of 10/4/83 attached indicates that they received the EPO actions but no copies of the references - send her own copies? Also, it appears we didn't file an assignment to FTM in 1026 CIP - do we need to get a copy legalized w/ apostille to complete the record? yph
